1. Name _____ **Phone** _____

2. Name _____ **Phone** _____

In order to help us assess your interest, understanding and commitment to the YEAH! Program at EarthDance Farm, please be thoughtful and complete when answering the questions below.

Why do you want to be a member of the EarthDance Junior Farm Crew?

Do you have experience working or practicing outside (sports, exercise, physical labor, etc?) Briefly describe your experience.

EarthDance's YEAH! Program encourages young people to develop skills in working as a team, farming, landscaping, public speaking, and cooking.

Which of these areas interests you the most and why?

Which area would challenge you the most and why?

What skills or characteristics could you contribute to the Junior Farm Crew that would help make you an important member of our farm crew?

Think about a time when you have worked with a group or team. What was exciting about working with others? What was challenging about working with others?

The EarthDance Junior Farm Crew schedule will be Monday through Friday, 8am - 12noon. This schedule will start on Mon. June 9th, and end on Tues. August 12th.

Do you have any previous commitments that would require you to miss one or more days of work over the summer? If so, please write out the exact dates and why you would need to be absent from work. (You will not be paid for any days you are absent from work.)

In addition to those days and times, we would like for some or all of our Junior Farm Crew members to work three special events in the Ferguson community this summer:

1. The Taste in Ferguson on Sunday, June 29th, at the Savoy
2. Fourth of July Parade on Friday, July 4th, through downtown Ferguson
3. Pesto Festo on Saturday, August 2nd, at the Ferguson Farmers Market

Are you interested and available to work these three events with EarthDance? Please list which ones you can work, as well as which you may have a conflict with.

Would you be able to get to and from the farm on workdays? How do you plan to get to and from your house to the farm?

Are you involved in any organized summer activities (sports team, musical group, other) or do you have any other jobs? If so, please list them.

Is there anything else we should know about you or why you should be considered for this job?
