Things to Know Before Your Visit to the EarthDance Farm:

Farm Policies

- Before touring the farm, you must sign a liability waiver/ photo release.
- Cigarette smoking is prohibited on the farm.
- There is a port-a-potty on the farm.

What to wear?

Clothing choices are important for not only sun safety but also protecting yourself from plant material. The following are suggested:

- Dress in layers!
- Wear **long** durable pants like blue jeans or khakis
- Wear a thin **long**-sleeved shirt for sun and scratch protection!
- Shoes should be comfortable but durable and tough, they may get dirty!
- **No open toed shoes allowed.**
- Wear white or lighter colors as they reflect the heat
- Sunscreen or sun protection should be utilized
- A wide brimmed **hat** that covers the face, ears and neck
- You may want to bring a bandana or cooling cloth to wear around you neck or brow

What to bring?

Be sure to bring water! If you're working with us in the fields (or even if you're just taking a tour), you need to stay hydrated! You may also want to bring snacks if you'll be at the farm for a full morning or afternoon.

Tools If you'll be working with us, you may want to bring gardening gloves to work in. Tools will be provided, but if you have your own hoe or spade you enjoy using, by all means, bring it! (Make sure it's labeled so that it goes home with you too!)

Farm Location:

[Please note: This is not the EarthDance office/ mailing address.]

Mueller Organic Farm

233 South Dade Ave

Ferguson, MO 63135

(Google maps or Mapquest work well for driving directions.)

Please park on the street. The farm is located in the middle of a neighborhood, so please be respectful and make it easy for cars to go around you. There are also a few spots to park just up the driveway on the right, but usually they're taken. Do not drive past the 'gate'.

Safety Extreme safety must be exercised at all times, especially when working with any type of equipment, including tillers, pruners, knives, etc. Also, we have bees and poison ivy on the farm. If you are severely allergic to either, we need to know in advance. We do our best to avoid them at all times! Please consider bringing a first aid kit with you.
